CITYWIDE TRENDS

CITYWIDE ENROLLMENT (DISTRICT AND CHARTER), 2014-15 TO 2023-24

New York City Public Schools (NYCPS) is committed to thoughtful collaboration with districts and communities to collectively strengthen schools, support students and families, and respond to demographic and population changes in New York City.

Source: Audited Register and Charter Headcount; includes district and charter school enrollment

- Enrollment in D1-32 schools remained stable in 2023-2024 after declining by about 12% in the three school years since the onset of the COVID-19 pandemic.
- Overall, K-12 enrollment in District 1-32 schools and charter schools has declined by about 11% since its peak in the 2016-2017 school year.

DISTRICT PLANNING PROCESS

- The Office of District Planning partners with communities, superintendents, and other stakeholders to identify solutions that address district needs, in accordance with Chancellor’s Regulations A-185 and A-190.
 - **Chancellor’s Regulation A-185** governs the process to re-zone or unzone schools in partnership with and voted on by Community Education Councils (CECs).
 - **Chancellor’s Regulation A-190** governs the process to make any major changes to school utilization such as co-locations, school mergers, grade expansions and truncations, re-sitings, and other changes. A-190 proposals are voted on by the Panel for Educational Policy (PEP).
- Guiding Questions:
 - How might recent changes affect the needs of the district as they are implemented? Do they address key needs and priorities?
 - What other school changes could be considered?

Richard High School for Fire and Life Safety (19K502).

DISTRICT ENROLLMENT TRENDS

UNPACKING ENROLLMENT TRENDS

- Enrollment is a key data component in the District Planning Process. Enrollment data helps us identify trends, generate hypotheses, and understand where we need to dig deeper in partnership with our stakeholders.
- Guiding Questions:
 - What has happened to district enrollment over the last six years overall? By incoming grade (Kindergarten, 6th grade, and 9th grade)? Are there notable trends?
 - Are students remaining in the district to attend school? If not, where are they going?

Residential population is presented here as the sum of students attending any NYCPS school, charter or non-public school; as such, this metric will not capture students who are home schooled, have dropped out, or are otherwise not enrolled in these school options.

- In the last five years, the total number of school-aged residents in District 19 has declined by 13%, with the greatest decrease in the number of elementary school-aged residents.
- The percentage decline in District 19 enrollment over the past five years is nearly identical to the percentage decline in the District 19 school-aged population, and thus the two may be linked.
- Since the 2022-2023 school year, the number of school-aged residents has remained stable at all grade levels.

- At the elementary school level, the most in-demand options are each zoned elementary schools, including two schools (P.S. 65 and P.S. 149) that offer Gifted & Talented programs, two schools (P.S. 108 and P.S. 214) that offer Dual Language programs, and one school (P.S. 159) that offer a Transitional Bilingual Education program.
- At the middle school level, the most in-demand options include four schools that have each seen an increase in enrollment in the past year.

ENROLLMENT VS. CAPACITY

- We consider the total number of students and the total number of seats to see if there is a net surplus or deficit of seats within a district.
- Some districts, and particular areas within a district, struggle with over-utilization, while others have excess capacity.

DISTRICT 19 ENROLLMENT VS. CAPACITY

	Seats	Enrollment	Excess / (Deficit)
ES	11,240	7,635	3,605
MS	6,586	4,015	2,571
HS	8,421	5,623	2,798

Source: Capacity estimates are based on 2022-2023 Blue Book with adjustments for schools with capacity spanning multiple grade levels (e.g. K-8 or 6-12 schools); enrollment is based on 2023-24 Audited Register. Excludes charter enrollment and capacity.

- District 19 is expected to continue to have excess K-5 seat capacity over the next several years.
- Currently, there is an excess of roughly 3,600 elementary school seats and 2,600 middle school seats.

BUILDINGS & CAPACITY

- The Office of District Planning works closely with the School Construction Authority (SCA) and the Office of Space Management to understand how buildings are currently used and how capacity can best be used in future years.
- Each year, the SCA publishes the Blue Book, a tool that analyzes the capacity of each NYCPS building across the City and compares the target capacity with the number of enrolled students to determine a utilization rate for the building.
- Guiding Questions:
 - Given the current enrollment and capacity, does the district have sufficient capacity to meet its needs and support its students?
 - Is over- or under-utilization concentrated at a particular grade level? In a particular area?
 - Are there under-utilized buildings with excess capacity to accommodate an additional school or program?

Source: Building information from LCGMS. Building utilization categories based on the 2022-2023 Blue Book.

- There are 27 under-utilized buildings in District 19.
- There are 4 buildings over 100% utilization in District 19.

UNDER-UTILIZATION IN DISTRICT 19

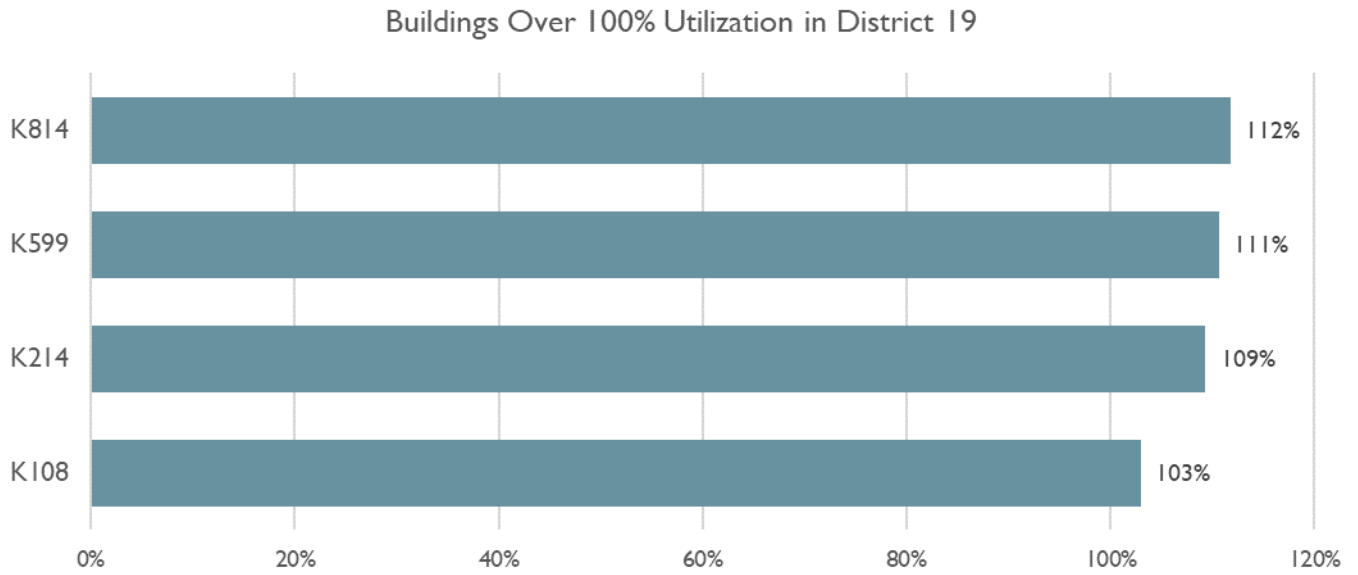

Under-utilized Buildings in District 19 with 300+ Excess Seats

Source: Graph shows enrollment and capacity from 2022-2023 Blue Book; UU status is from the preliminary 2023-2024 UU analysis, and accounts for building enrollment and planning changes implemented in 2023-2024 and after.

- Utilization rates do not always capture the full narrative of space in a building, but provide a starting point for assessing potential space availability. For example, some buildings, although under-utilized, may not have sufficient space to add another school.
- Other buildings with significant excess seats could be candidates to address pressing district needs, including housing another school or adding or expanding programs such as dual language offerings, District 75 programming, Autism Spectrum Disorder (ASD) programs, Gifted and Talented, and/or other district needs.
- Building K435, the Thomas Jefferson Campus, has 1,094 excess seats, the most excess space of any school building in District 19.
- There are several approved changes in District 19 that will impact space in the 2024-2025 school year and beyond:
 - A new high school, Bard High School Early College, will open in building K292 in the 2024-2025 school year.
 - A new District 75 site, P.S. K753, will open in building K218 in the 2024-2025 school year.
 - Additionally, as a result of the merger of I.S. 364 and Frederick Douglass Academy VIII Middle School, the merged school will be sited in K346.

OVER-UTILIZATION IN DISTRICT 19

Source: 2022-2023 Blue Book

- There are 2 buildings in District 19 operating at over 110% utilization, including building K814, which houses P.S. 89, and building K599, which houses East New York Family Academy and P.S. K077.
- The Office of District Planning seeks to work with superintendents, CECs, and partner offices to alleviate overcrowding through the leveraging of available capacity.

DISTRICT 75

- NYCPS’s District 75 provides highly specialized instructional support for students with significant challenges, such as Autism Spectrum Disorder (ASD), significant cognitive delays, emotional disturbance, sensory impairment, and multiple disabilities.
- District 75 serves students through a number of different program models designed for students of different ages and education needs.
 - Most District 75 students attend Special Class programs, which operate as distinct schools and may be located in standalone sites or co-located with district schools
 - A smaller number of students attend Inclusion Programs, in which students receive District 75 services within general education classes at a district school partner.
- Guiding Questions:
 - Does the district have a need for more District 75 seats?
 - Are there potential options for new District 75 sites to provide opportunities for students to attend programs closer to their homes?

District 19 District 75 Special Class Enrollment by Year

- There is a deficit of 33 District 75 elementary school seats, 64 District 75 middle school seats, and 119 District 75 high school seats in District 19.
- District 75 capacity listed above does not account for the new 6-12 District 75 site opening in K218 in the 2024-2025 school year.
- The number of students in District 19 who need a District 75 seat has increased at the elementary and middle school level and fluctuated at the high school level over the past three years.

DEMOGRAPHICS & STUDENT POPULATION

STUDENTS SERVED IN THE DISTRICT

- Demographic data helps us understand the landscape of a district and the different communities served.
- Guiding Questions:
 - How do the demographics of the district compare to the borough? To the City?
 - Are there any notable trends in the district's demographics?
 - How do the demographics of individual schools compare with other schools in the district?

RACE/ETHNICITY

Source: 2023-2024 Audited Register; includes both district and charter schools

- District 19 elementary and middle schools serve a larger percentage of Black and Hispanic students than Brooklyn averages and a smaller percentage of Asian and White students than Brooklyn and Citywide averages.

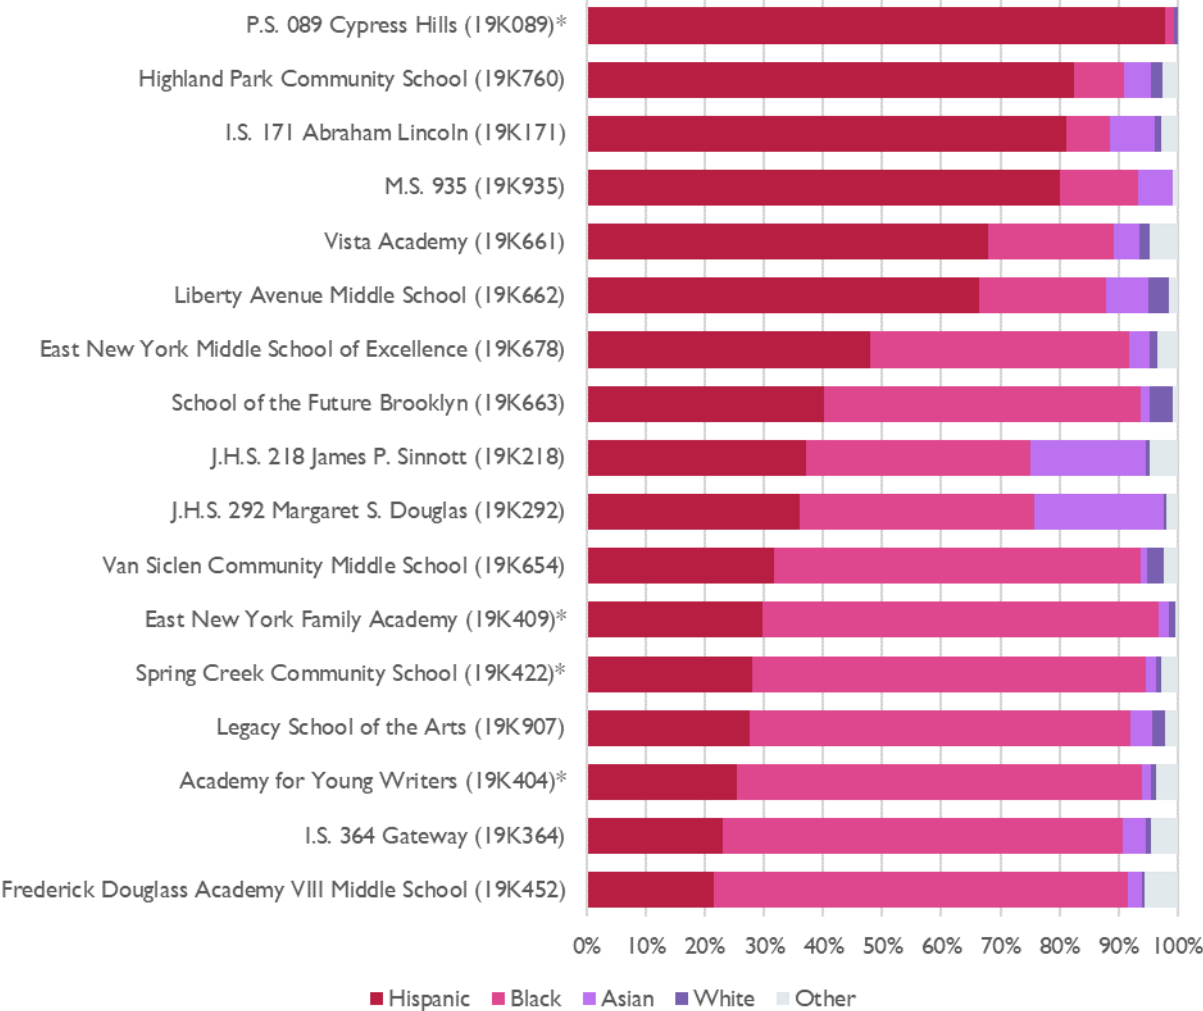

- District 19 has a significant number of schools that serve one racial majority.
- Most elementary and middle schools do not have a demographic makeup that resembles the district averages.

STUDENTS WITH DISABILITIES, STUDENTS WHO ARE ECONOMICALLY DISADVANTAGED, AND ENGLISH LANGUAGE LEARNERS

Students with Disabilities (K-8)

- 20% of District 19 students are students with disabilities. This is the same as the borough and citywide averages.

Economically Disadvantaged (K-8)

- 91% of District 19 students are economically disadvantaged. This is above the borough and citywide averages.

English Language Learners (K-8)

- 16% of District 19 students are English Language Learners. This is below the borough and citywide averages.

SPECIAL PROGRAMS

- Understanding the landscape of special programming helps identify potential district needs.
- Guiding Questions:
 - For all programs, are sites geographically dispersed/accessible?
 - Are ASD Nest and/or Horizon programs available in the district? What grade levels do they serve?
 - Does the availability of Dual Language (DL) and Transitional Bilingual Education (TBE) programs align with ELL needs in the district?
