CITYWIDE TRENDS

CITYWIDE ENROLLMENT (DISTRICT AND CHARTER), 2014-15 TO 2023-24

New York City Public Schools (NYCPS) is committed to thoughtful collaboration with districts and communities to collectively strengthen schools, support students and families, and respond to demographic and population changes in New York City.

Source: Audited Register and Charter Headcount; includes district and charter school enrollment

- Enrollment in D1-32 schools remained stable in 2023-2024 after declining by about 12% in the three school years since the onset of the COVID-19 pandemic.
- Overall, K-12 enrollment in District 1-32 schools and charter schools has declined by about 11% since its peak in the 2016-2017 school year.

DISTRICT PLANNING PROCESS

- The Office of District Planning partners with communities, superintendents, and other stakeholders to identify solutions that address district needs, in accordance with Chancellor’s Regulations A-185 and A-190.
 - **Chancellor’s Regulation A-185** governs the process to re-zone or unzone schools in partnership with and voted on by Community Education Councils (CECs).
 - **Chancellor’s Regulation A-190** governs the process to make any major changes to school utilization such as co-locations, school mergers, grade expansions and truncations, re-sitings, and other changes. A-190 proposals are voted on by the Panel for Educational Policy (PEP).
- Guiding Questions:
 - How might recent changes affect the needs of the district as they are implemented? Do they address key needs and priorities?
 - What other school changes could be considered?

- New York City Public Schools has undertaken several interventions in District 7 in recent years.
- In the upcoming 2024-25 school year, the following proposals will go into effect:
 - South Bronx Literacy Academy will be re-sited to building X156;
 - Concourse Village Elementary School will be re-sited to building X487, where it will expand from a K-5 to a K-8 school;
 - P643X@X487, a new site of new District 75 school P.S. X643, will open in X487; and
 - P754X@X884, a new site of existing District 75 school, P.S. X754 J. M. Rapport School Career Development, will open in X884.

DISTRICT ENROLLMENT TRENDS

UNPACKING ENROLLMENT TRENDS

- Enrollment is a key data component in the District Planning Process. Enrollment data helps us identify trends, generate hypotheses, and understand where we need to dig deeper in partnership with our stakeholders.
- Guiding Questions:
 - What has happened to district enrollment over the last six years overall? By incoming grade (Kindergarten, 6th grade, and 9th grade)? Are there notable trends?
 - Are students remaining in the district to attend school? If not, where are they going?

DISTRICT 7 K-5 AND 6-8 ENROLLMENT, 2018-19 TO 2023-24

Source: Audited Register; includes enrollment in district schools only

- Since the 2018-19 school year, district elementary school enrollment in District 7 decreased by 32%.
- Since the 2018-19 school year, district middle school enrollment in District 7 decreased by 27%.
- These enrollment declines are slightly higher than the enrollment declines seen at the borough level. Bronx elementary school enrollment decreased by 27%, while Bronx middle school enrollment decreased by 22% over the past five years.

Residential population is presented here as the sum of students attending any DOE school, charter or nonpublic school; as such, this metric will not capture students who are home schooled, have dropped out, or are otherwise not enrolled in these school options.

- Total District 7 K-5 aged residents decreased by almost 10% over the past five years, with the largest decrease seen among K-5 aged residents (almost 17%).
- In the past two years, total District 7 K-12 aged residents remained stable.
- The decrease in District 7 K-12 aged residential population likely partially contributed to the decrease in District 7 enrollment over the past five years.

- The percentage of District 7 8th grade students staying within the district at a district school for 9th grade grew by nine percentage points over the past four years.
 - This increase in the 2023-24 school year is caused primarily by:
 - A six percentage point decrease in the percentage of District 7 8th grade students attending district schools in other districts for 9th grade
 - A three percentage point decrease in the percentage of District 7 8th grade students attending charter schools for 9th grade.

- Eight of the 18 schools serving elementary school grades in District 7 are in the bottom 25% of enrollment citywide.
 - South Bronx Literacy Academy is a new school that opened this school year, so it is still phasing in its full enrollment and grade span.
 - Concourse Village Elementary School has robust demand, and the school will move to a new building in the upcoming school year, where it will expand to serve grades K-8. The Concourse Village school community expressed a strong desire to expand from a K-5 to a K-8 school.
- Five of the nine schools serving middle school grades in District 7 in the bottom 25% of enrollment citywide.
 - South Bronx Academy for Applied Media (20% enrollment decline over past five years) and Academy of Public Relations (47% enrollment decline over past five years) are co-located.
 - P.S./I.S. 224 (42% enrollment decline over past five years) and Academy of Applied Mathematics and Technology (14% enrollment decline over past five years) are co-located.
 - I.S. 584 lost 36% of its enrollment over the past five years.

HIGH DEMAND SCHOOLS IN DISTRICT 7

- The tables below include the highest demand schools at kindergarten and 6th grade in the district based on the number of applications.
- Examining high demand schools can help identify models or programs that may be serving students well and inform other changes in the district through the planning process.

Source: Fall 2023 admissions data

- Four of the five high demand elementary schools in District 7 serve early childhood and grades K-5.
 - P.S. 5 is a K-8 school.
 - As stated above, Concourse Village Elementary School has robust demand, and the school will move to a new building in the upcoming school year, where it will expand to meet demand and serve grades K-8.
- At the middle school level, P.S. 5 Port Morris and P.S./M.S. 29 Melrose School are K-8 schools, and The Laboratory School of Finance and Technology and South Bronx Preparatory: A College Board School are 6-12 schools.

ENROLLMENT VS. CAPACITY

- We consider the total number of students and the total number of seats to see if there is a net surplus or deficit of seats within a district.
- Some districts, and particular areas within a district, struggle with over-utilization, while others have excess capacity.

DISTRICT 7 ENROLLMENT VS. CAPACITY

	Seats	Enrollment	Excess / (Deficit)

DISTRICT 7 NEW CAPACITY PROJECTS

Building	Building Name	Building Level	Description	Total Seats	Anticipated Opening
X487	P.S. @ 639 ST ANN'S AVENUE - BRONX	PS	New School	547	September 2024

Based on a New York City School Construction Authority report from July 2023. Includes only projects for grades K-12. Opening timelines are subject to change.

- District 7 is expected to continue to have excess seat capacity over the next several years.
- Currently, there are roughly 2,560 excess seats at the elementary school level and 1,241 excess seats at the middle school level.
- New building X487 will provide a long-term site for Concourse Village Elementary School to serve grades K-8, as well as new District 75 seats.

BUILDINGS & CAPACITY

- The Office of District Planning works closely with the School Construction Authority (SCA) and the Office of Space Management to understand how buildings are currently used and how capacity can best be used in future years.
- Each year, the SCA publishes the Blue Book, a tool that analyzes the capacity of each NYCPS building across the City and compares the target capacity with the number of enrolled students to determine a utilization rate for the building.
- Guiding Questions:
 - Given the current and projected capacity trends presented in the preceding Demand and Capacity section, does the district have sufficient capacity to meet its needs and support its students?
 - Is over- or under-utilization concentrated at a particular grade level? In a particular area?
 - Are there under-utilized buildings with excess capacity to accommodate an additional school or program?

- There are 20 under-utilized buildings in District 7.
- There is only one building over 100% utilized in District 7.

UNDER-UTILIZATION IN DISTRICT 7

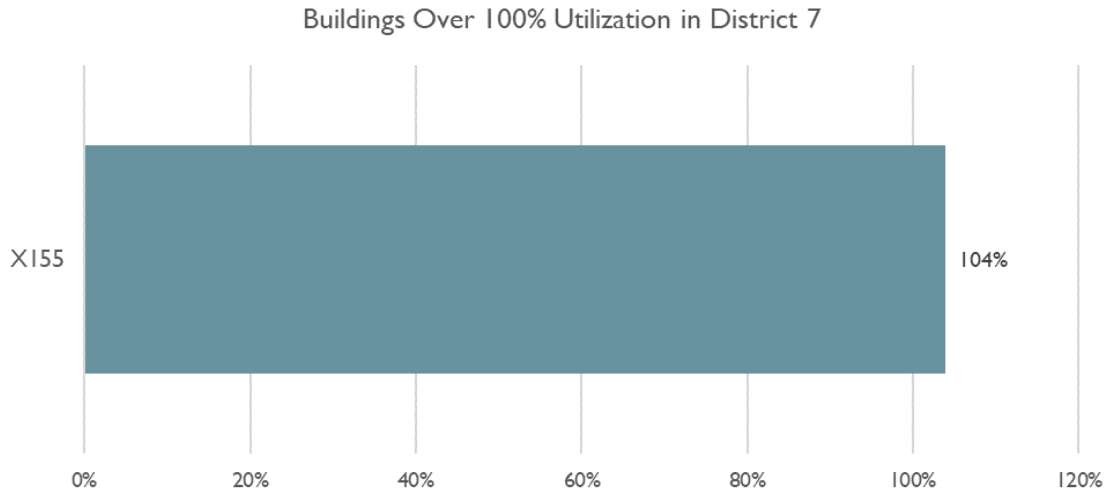

Under-utilized Buildings in District 7 with 300+ Excess Seats

- Utilization rates do not always capture the full narrative of space in a building, but provide a starting point for assessing potential space availability. For example, some buildings, although under-utilized, may not have sufficient space to add another school.
- Other buildings with significant excess seats could be candidates to address pressing district needs, including housing another school or adding or expanding programs such as dual language offerings, District 75 programming, Autism Spectrum Disorder (ASD) programs, Gifted and Talented, and/or other district needs.
- In the upcoming school year, X156 will house new school South Bronx Literacy Academy as it phases in to serve its full grade span over the next few years.
- P754X@X884, a new site of existing District 75 school, P.S. X754 J. M. Rapport School Career Development, will open in X884 in the upcoming school year.
- Building X184 has 528 excess seats, the most excess seats of any building in the district housing schools serving grades 6-8.
- Buildings X183, X600, X655, and X884 have the most excess seats of any buildings in the district. These buildings house secondary schools and/or high schools.
 - Building X600, the Alfred E. Smith High School Campus, houses Bronx Haven High School, Bronx Design and Construction Academy, and Alfred E. Smith Career and Technical Education High School and has many specialized classroom spaces.

OVER-UTILIZATION IN DISTRICT 7

Source: 2022-2023 Blue Book

- There is only one building in District 7 operating at over 100% utilization. X155 houses two charter schools and a District 75 program.
- The Office of District Planning seeks to work with superintendents, CECs, and partner offices to alleviate overcrowding through the leveraging of available capacity.

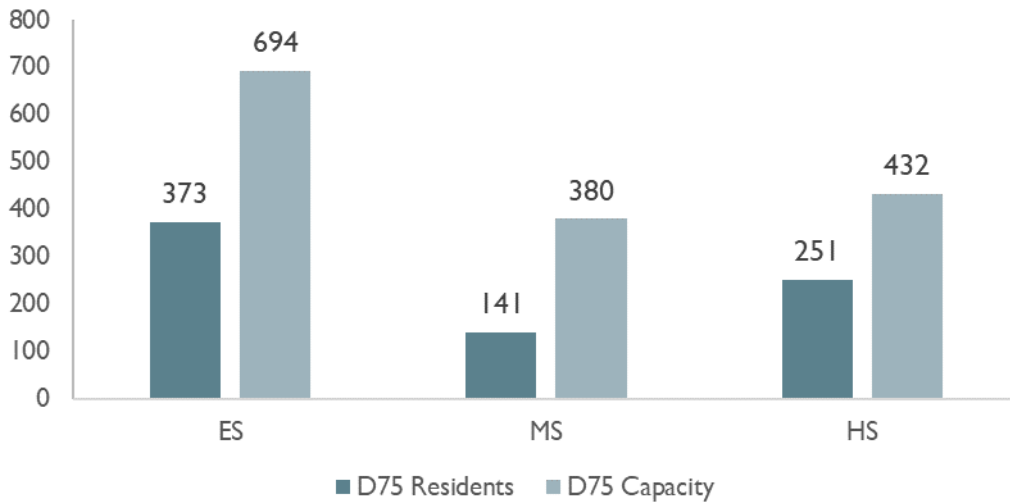

TRANSPORTABLE CLASSROOM UNITS (TCUS)

- There are no TCU's in District 7

DISTRICT 75

- NYCPS’s District 75 provides highly specialized instructional support for students with significant challenges, such as Autism Spectrum Disorder (ASD), significant cognitive delays, emotional disturbance, sensory impairment, and multiple disabilities.
- District 75 serves students through a number of different program models designed for students of different ages and education needs.
 - Most District 75 students attend Special Class programs, which operate as distinct schools and may be located in standalone sites or co-located with district schools
 - A smaller number of students attend Inclusion Programs, in which students receive District 75 services within general education classes at a district school partner.
- Guiding Questions:
 - Does the district have a need for more District 75 seats?
 - Are there potential options for new D75 sites to provide opportunities for students to attend programs closer to their homes?

District 7 D75 Special Class Enrollment by Year

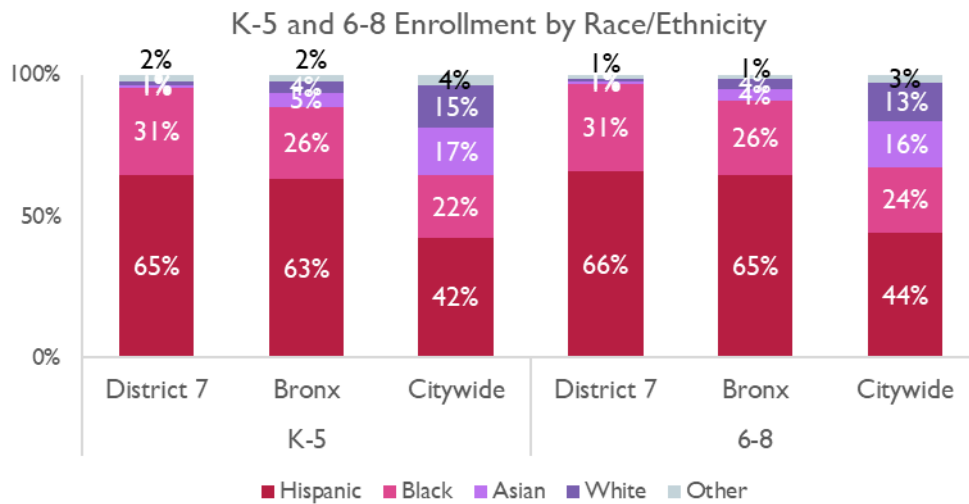

- There is currently no District 75 seat deficit in District 7.
- The number of students in District 7 who need a District 75 seat increased at the elementary school level, decreased at the middle school level, and remained stable at the high school level over the past three years.
- In the upcoming school year, P643X@X487, a new site of existing District 75 school P.S. X643, will open in X487, adding roughly 48-96 District 75 elementary school seats in District 7.
- Additionally in the upcoming school year, P754X@X884, a new site of existing District 75 school, P.S. X754 J. M. Rapport School Career Development, will open in X884, adding roughly 48-96 District 75 high school seats in District 7.
- These two programs are not accounted for in the District 75 capacity in the chart above.

DEMOGRAPHICS & STUDENT POPULATION

STUDENTS SERVED IN THE DISTRICT

- Demographic data helps us understand the landscape of a district and the different communities served.
- Guiding Questions:
 - How do the demographics of the district compare to the borough? To the City?
 - Are there any notable trends in the district’s demographics?
 - How the demographics of individual schools compare with other schools in the district?

RACE/ETHNICITY

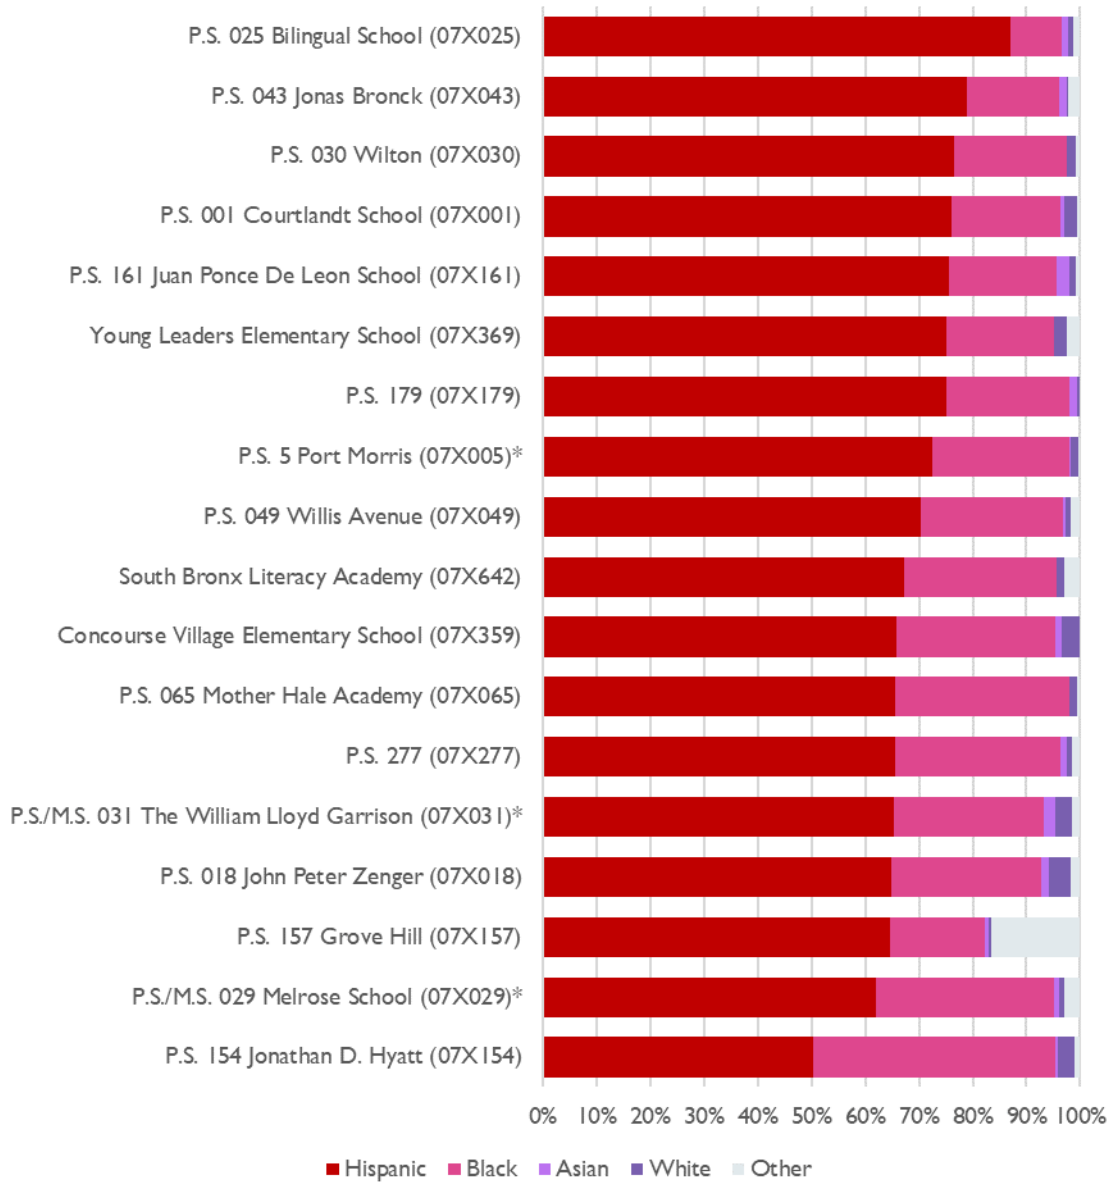

Source: 2023-2024 Audited Register; includes both district and charter schools

- District 7 schools serve a population that is approximately two-thirds Hispanic and one-third Black. There are very few White or Asian students in the district.
- District 7 schools serve larger percentages of Black and Hispanic students and smaller percentages of White and Asian students compared to borough and citywide averages.

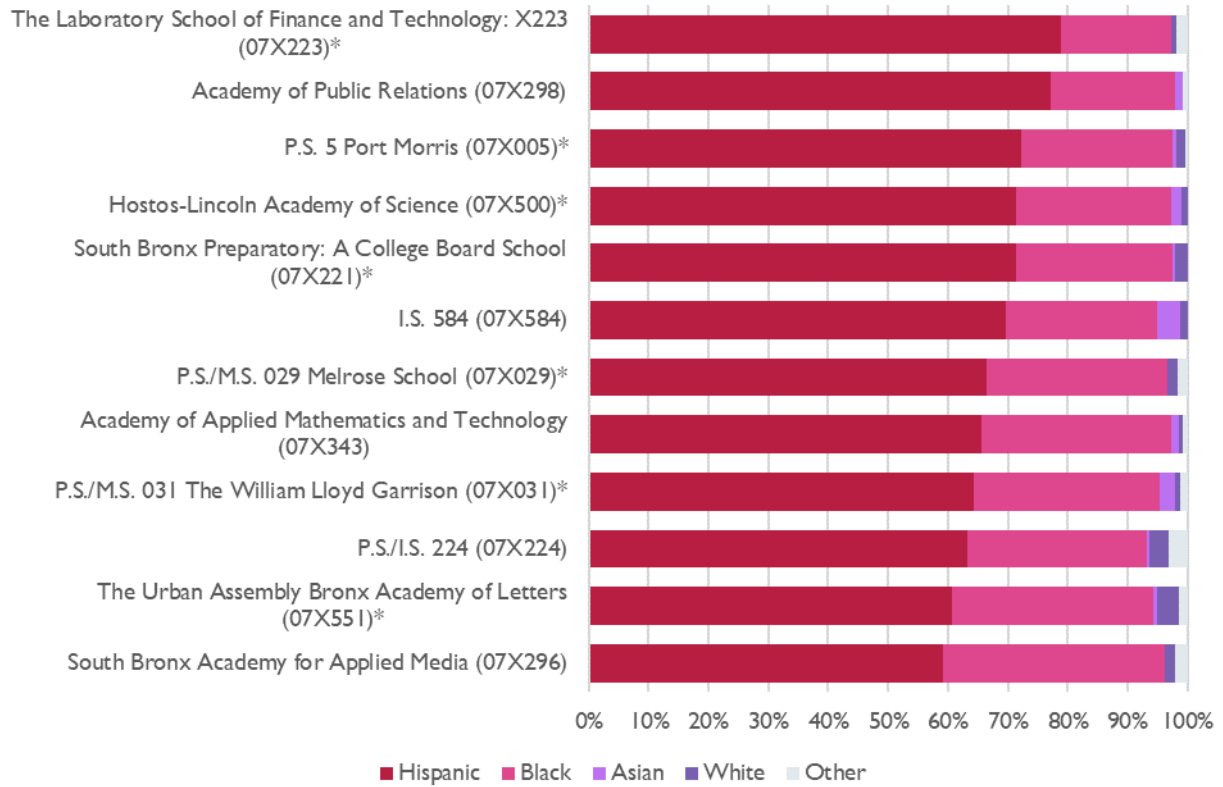

- All District 7 elementary and middle schools are majority Hispanic, with the share of Hispanic students ranging from 50% to 80%.
- Black students are the second largest racial group at all District 7 elementary and middle schools, comprising between 10 and 45 percent of the student body at each school.

STUDENTS WITH DISABILITIES, STUDENTS WHO ARE ECONOMICALLY DISADVANTAGED, AND ENGLISH LANGUAGE LEARNERS

Students with Disabilities (K-8)

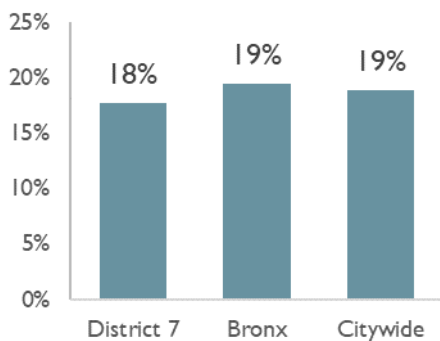

- 23% of District 7 students are students with disabilities. This is about the same as the borough and citywide averages.

Economically Disadvantaged (K-8)

- 93% of District 7 students are economically disadvantaged. This is about the same as the borough average but higher than the citywide average.

English Language Learners (K-8)

- 18% of District 7 students are English Language Learners. This is about the same as the borough and citywide averages.

SPECIAL PROGRAMS

- Understanding the landscape of special programming helps identify potential district needs.
- Guiding Questions:
 - For all programs, are sites geographically dispersed/accessible?
 - Are ASD Nest and/or Horizon programs available in the district? What grade levels do they serve?
 - Does the availability of Dual Language (DL) and Transitional Bilingual Education (TBE) programs align with ELL needs in the district?

	District 7	Bronx
Schools with ASD Programs	4	29
<i>Horizon</i>	3	13
<i>Nest</i>	1	16
Schools with G&T Programs	3	16
Schools with Bilingual Ed Programs	11	89
<i>DL</i>	5	24
<i>TBE</i>	3	8
<i>DL/TBE</i>	3	57

- District 7 has four ASD programs, three G&T programs, and eleven Bilingual Education programs.
