Paraprofessional

DESCRIPTION

IS 429 will provide our students with a rigorous and joyful learning environment focused on Science, Technology, Engineering, Arts, and Mathematics. We will foster a culture of innovation, problem-solving, and intellectual risk-taking. Our students will change the world using their academic and character skills.

The following are the **core values** we seek to instill in our students:

- **Respect:** We let our light shine by being kind and encouraging to others. We show compassion and help others who need help.
- **Innovate:** We use our imagination to come up with new solutions. We share our ideas and seek feedback from others. We take responsible risks and challenge the status quo to achieve meaningful impact.
- **Scholarship:** We bring our best selves to school daily and strive to achieve the highest standards.
- **Excellence:** We set goals and pursue them tirelessly; we bring an A+ attitude to school.

A five days summer planning institute will offer an essential opportunity for staff to be involved in developing the school's culture and instructional program.

Because we believe that all staff members play an important role in the education of our students, the school will offer opportunities for paraprofessionals to participate in activities like:

- After school and/or Saturday tutoring, enrichment, sports, arts, and family programs
- In-house school committees and/or special programs.

Advance notice of dates will be supplied, and those who participate will be compensated according to the terms of the UFT contract. Staff participation in these activities is voluntary, although strongly encouraged, as they are very important to the development of the school.
